

COUGAR STAR SERVICE

SYSTEM TRACKING, ASSESSMENT
& RECOMMISSIONING

Why To Chose Us?

Routine annual or bi-annual review of your system will help to minimize any unplanned emergencies and reduce costly downtime.

ASSESSMENT

A review to ensure the system still meets the original design requirements or the current building needs.

SYSTEM TRACKING

Track service history of the system and assess for any troubleshooting patterns. Plus remote monitoring for an added fee.

RECOMMISSIONING

Testing the system to ensure performance. If system fails to meet standards, a report will be provided with recommendations
